[DESPATCHES TO THE OREGONIAN.]

EASTERN DATES TO SEPT. 23.

WASHINGTON CITY.

Miscellaneous News.

WASHINGTON, Sept. 22.—The Commissioner of Internal Revenue decides that interest on the new funded loan bonds of 1881 is not to be included in the returns for taxation in computing the Government tax of 1½ per cent. on net earnings of banks.

The Secretary of the Treasury has written a letter directing inspectors of steamboats to have all steamers provided with equipments required under the new steamboat act as soon as such equipments can be procured by the owner.

Secretary Boutwell will leave Washington on Wednesday for Cincinnati, where he will speak on the 28th inst. He will also speak at Cleveland on the 29th.

The Knights Templar's parade to-day was a grand affair. On passing the Executive mansion the Knights were reviewed by Secretary Boutwell, Postmaster General Cresswell and Solicitor General Bristow. They countermarched to the Masonic Temple, where the parade was dismissed and were served with a banquet. They visited various places of interest.

EASTERN STATES.

Heavy Fire at Des Moines, Iowa.

CHICAGO, Sept. 22.—There was a destructive fire at Des Moines, Iowa, to-day. Twelve buildings and contents were destroyed. Loss estimated at $100,000.

Rise in the Lower Mississippi.

NEW ORLEANS, Sept. 22.—Much apprehension is felt in regard to the condition of the levees. A committee of planters from the upper parishes are here to urge repairs. The *Picayune* says the water at Point Bonnet Carre Crevasse is only three feet below the top of the levee at the present low stage of the river.

Grand Lodge of Odd Fellows.

CHICAGO, Sept. 22.—At the session of Grand Lodge of Odd Fellows to-day, the committee in whom was referred the petition of the Grand Lodge of Mississippi, reported that it was expedient to take action, and the petition was laid over. The special committee on the subject of wearing chateaux or other regalia in public processions, reported such conduct a flagrant violation of the law and a grave departure from the respect due the Executive of the Order. Laid over. The special committee on Rebecca Degree, reported against the expediency of allowing Daughters of Rebecca to receive membership after their husbands' membership may have ceased. The Grand Lodge, after debate, refused to alter the present regulation sin regard to dismissal of certificates. The question of permitting lodge meetings on Sunday was tabled. A change in the color of emblems on flags was adopted.

The Tammany Thieves.

NEW YORK, Sept. 22.—The examination of Haggerty and Baloh, charged with the robbery of the Controller's office, commenced to-day before Judge Dowling. The crowd is large and the excitement great.

An immense mass meeting was held in Tweed Plaza to night to endorse W. M. Tweed. Fully 25,000 persons were present. Resolutions were adopted endorsing Tweed and placing him in nomination. Tweed made a lengthy address. He said he was happy to meet the friends of his childhood in the scenes of his youth. Among these friends he could safely place himself and his record is a public one, open and publicly to their gaze. When maligned, confident with out trial, it was a pleasure to come to the friends of his childhood and take them by the hand and talk to them in a friendly manner. He pointed proudly to his record, which was open to be examined by all and courted open, impartial investigation into his official record, and the acts of his life. His friends asked why he did not reply to newspaper attacks. His reply was that no man ever stopped attacks by replying to them. The proper place to meet such charges as were made against him was before a legal tribunal. He was ready and anxious to meet his traducers in that way. He accepted the nomination for Senator, and hoped his friends would stand by him.

Senator Schurz at Nashville.

NASHVILLE, Sept. 23.—The speech delivered by Carl Schurz of Missouri yesterday, created a profound impression in political circles. The most significant incident connected with it is a letter formally addressed to Schurz, and signed by several hundred ex-Confederate soldiers, embracing every grade and rank in the late rebel service, from privates and non commissioned officers up to Major-Generals. The signers are generally represented as men of influence in the community.

Following is the Letter.

To Hon. Carl Schurz—Dear Sir: We, the undersigned, formerly Confederate soldiers, express to you our high regard for yourself, and our profound regard and admiration of the late unselfish, non partisan, cultured and patriotic address delivered by you in this city. We admire the manly, independent spirit which refuses obedience to party when in convictions (?) of duty and right; we pledge you that we are no partisans; that we have faith that no words can express to the sublime significance of the mission and destiny of the American republic; that we honor and revere the national flag as the assumed herald of that day when all the races of men of all ranks and conditions shall be redeemed and delivered from all species of political and social thraldom. We wish to turn our backs upon all sectional parties, and all parties groping in the moonlight of the past, and ally ourselves with any party that will be animated with the spirit of civil and religious liberation, broad and elevated patriotism, not bounded by State lines, and inspired with an abiding faith in the genius of free institutions.

New York News.

NEW YORK, Sept. 23.—The grand jury found a true bill against George Botts, for murder in the first degree for killing Oliver S. Halstead, Jr., on the 2d day of July last.

The exposure in yesterday's *Tribune* of the frauds alleged to have been perpetrated by Collector Murphy, created a great sensation, and the subject matter of talk all over the city last evening. Murphy to-day publishes an answer to the charges, but the *Tribune* says it is not half done with him. Editorially it passes the following language: "The uncontradicted facts now laid before the impartial tribunal, the public, prove Murphy guilty, and demand his expulsion from any place of honor and trust under the Government. He has so grossly defrauded."

The investigations of a committee of citizens who were appointed to look to the army swindle, and that the Board of Supervisors are responsible partly for the frauds, they having approved the payment of extortionate accounts.

Massachusetts Politics.

BOSTON, Sept. 23.—The whole number of delegates to the Republican Convention at Worcester is 785, of which 302 are in favor of Butler, and 83 against him.

SPRINGFIELD, Sept. 22.—In the Republican city caucus to-night the ballot resulted in casting 1,200 votes, while only 100 names were checked. Butler received 800 votes. There were 465 cast against him. The *Republican* denounces the vote as a fraud.

BY ATLANTIC CABLE.

Money in London.

LONDON, Sept. 22.—There is a great demand at the Bank of England at the new rate of three per cent. Consols, 93.

Miscellaneous European News.

PARIS, Sept. 23.—President Thiers will remain at Versailles until after the settlement of the question of evacuating the French territory by Germans and the conclusion of the treaty of commerce between France and Germany.

Internationalists are spreading so fast in Germany that Bismarck, alluding to the subject, remarked that political cares have given place to cares of socialism, that disturb him still more than the former.

The French steamer *Lafayette*, which just arrived at Havre from New York, was burned with her cargo at the former port.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Sept. 23.—Parties who had made arrangements for shipping large quantities of the finest quality of grapes from the mountain counties East, find that the increased rates of freight by railroad will practically cause the abandonment of the enterprise, as it will leave no margin for profits, with a large one for losses.

There is quite a lively movement in stocks on the street once more, the general decline yesterday stimulating outsiders to pitch in, money being abundant.

L. B. Drew, a well known contractor, had his left arm amputated at the shoulder to-day, on account of an incurable cancer caused by a friend pinching him playfully as he passed him on the street.

Deaths this week in the city number fifty.

James Ross brought suit to-day in the Twelfth District Court against the Sacramento Library Association, the Sacramento Association of California Pioneers, and others. The complaint sets forth that John Doe Franklin and Godwalader & Co. acted as agents for the Sacramento Library Association, the Sacramento Society of California Pioneers, and B. F. Harding & Co. in the conduct of the Sacramento lottery; that on April 21st, 1871, J. D. Franklin sold plaintiff 200 tickets in the lottery at $2 50 each; that plaintiff prays judgment under the statute for $50 each ticket, amounting in all to $10,000. James L. Crittenden is plaintiff's attorney. Other lottery managers are to be sued. This course is taken by parties in this city, who have been endeavoring to stop lottery sales ever since the drawing of the Mercantile Library lottery.

A fire broke out just before 3 o'clock this evening, in the upper story of Harpending's 3-story brick, iron front block of eight stores, south side of Market street, opposite Sansome, and ran through the entire story, with astonishing rapidity. The efforts of the firemen were unavailing, though no breeze was blowing, the great heat and the peculiar construction of the building rendering it impossible to get at the flames. The second story remained in a measure intact until half past 8, when it seemed to all kindle at once, and the fire broke out in the first story. The fire, fed by a large quantity of oils, liquors, etc., bent and curled the thick iron doors like shavings, and before 9 o'clock all hope of saving any part of the block was abandoned. The fire was bounded by the alley on the east, and the block occupied by Tyler, Curtis & Co., and Stratlio's billiard factory on the west, which is not materially injured, though the adjoining building is destroyed. The principal sufferers are Hostetter, Smith & Dons, drugs and medicines, who occupied two stores from the ground to the roof, Thrasher & Zion, potions and fancy goods, Oaklf, Weimor & Dale, straw and fancy goods, New York bedding house, F. Toplitz, millinery, Phelan & Collender's billiard ware-rooms, Welch & Co., leather and findings, and Sieberlich & Co., boot and shoe depot, all wholesale establishments, and entirely destroyed, hardly anything being saved. The loss will approximate a million dollars, and may exceed it.

INTERIOR CALIFORNIA DISPATCHES.

SAN DIEGO, Sept. 23.—Owing to the raise of tariff made by the steamer company, and their refusal to carry powder and gasoline, merchants have formed a combination to send an agent to San Francisco fully empowered to charter schooners to ply between this port and San Francisco. A movement is on foot to offer inducements to the P. M. S. S. Company to touch at this port.

LOS ANGELES, Sept. 23.—Frank Clifford, who escaped from Carson, and was leader of the two last noted stage robberies, near Los Angeles, on the Yuma road, escaped by turning State's evidence.

SAN JOSE, Sept. 23.—The daily *Independent* is sold to Mr. Stockton, of the *Guide*, and the papers will be consolidated under the name of the latter journal. The price paid is said to be $2,500, without the press upon which the *Independent* was printed.

SANTA CRUZ, Sept 23.—A sharp shock of an earthquake occurred here at 1 o'clock this morning.

OREGON.

The principal race at the Wasco County Fair was between Norwich and Mountain Rock. The former won, making the mile in 1:55.

Hon. Joseph S. Smith is in Wasco county, where he has been spending some weeks for the improvement of his health, with good success.

The farmers of John Day Valley (Grant county) have offered a subsidy of three thousand dollars to any responsible party who will erect a good flouring mill there.

By the 6ren this year the destruction of timber on the Blue mountains is immense. In the direction of Canyon City the mountains have been for weeks aglow with flame.

Gilbert Clute, the rope walker, who fell, the other day at Corvallis, from a height of thirty feet, died on Friday from his injuries. His spine was broken by the fall.

The Yamhill paper wants the farmers of that county to devote more attention to vegetables; which is a timely hint, as potatoes there during the last two years have been worth as much as wheat, bushel for bushel.

The *Mountaineer* thus "sums up" the Fair at the Dalles last week: The number of fine cattle and horses was not so large; neither was the show so great in the agricultural and mechanical departments as last year, yet what was exhibited was of the very best quality.

Gale Bros., proprietors of the Roseburg *Ensign*, which was destroyed by fire last week, have issued a circular in which they state that their loss is complete, and that nothing belonging to the office, not even the books, was saved. Their actual loss they put at over $2,500. They had just purchased new material for their paper and had enlarged it. An appeal is made to those indebted to them to pay up. As their books are lost the proprietors appeal to the honesty of their patrons. They hope to be able to start their paper again.

From the Albany *Register*: Linn County Fair opens on Tuesday next, and from present indications it will be the best showing throughout ever given by the Society; and the attendance, owing to the fact that transportation facilities have been largely increased since the last fair, will be probably more than double that of previous meetings. In this expectation our hotels have added largely to their accommodations, and parties are engaged in erecting, on the fair ground, temporary structures for the accommodation and entertainment of all who may come. We are informed that the arrangements for "sleeping" and "eating" strangers during the continuance of the fair will be far superior to those of last season.

THE TERRITORIES.

The number of children in the Kalama school district is sixty-two.

Two locomotives for the N. P. R. R. are expected to arrive at Kalama by the bark *Reed*, now nearly due.

The present indebtedness of Clarke county, W. T., is $25,668. The assessment of the county is about $1,000,000.

The contribution box at the Catholic Church at Vancouver was robbed a few nights ago by thieves who entered the building. The lowest depth of meanness has been sounded at last.

W. E. Boone, Superintendent of the West Penitentiary, has been directed by the Interior Department to suspend at once all operations in regard to the construction of the Penitentiary. No money is to be expended unless the sum appropriated will complete a portion of the building ready for occupancy; this the money now available will not do; hence nothing is to be done until another appropriation is made.

The President of the San Francisco Benevolent Society estimates that there are 2,400 grog shops, 3,000 thieves, 6,000 loud women and 5,000 idlers in that city; or 16,400 directly engaged in increasing poverty.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

WASHINGTON CITY.

Miscellaneous News.

WASHINGTON, Sept. 23.—Ezra Wheeler, Register Land Office at Pueblo, Colorado, died there to-day.

The General Ku Klux Committee have authorized the chairman to request the president of the Senate to issue warrants for witnesses who have failed to answer summons, and adjourned until called together by the chairman. The sub-committee examined Col. Saunders, of N. C., and Edward Wheeler of S. C. Saunders, whom the committee had trouble in getting before them, refused to answer in his connection, and that of others, with the Ku Klux, on the ground that he was not compelled to criminate himself. The act of Congress of 1862, which does not excuse a witness from testifying before a Congressional Committee was read to him; he preferred to rely on the Constitution. The case will be reported to Congress.

City newspapers announce a meeting last evening, under the auspices of the woman's club, to effect a reformation of the social evil. Papers declare it a fraud, being carried on under the name reform and demand that it be stopped.

Yangabe, last Grecian charge de affairs here, sailed from New York for home.

EASTERN STATES.

Reform in New York.

NEW YORK, Sept. 23.—The committee of seventy are said to be preparing an application for a special organization to restrain Tweed from affixing meters approved by him, to water pipes of all buildings except dwelling houses where water is used. The charge against Tweed, in this instance is, that the meters cost only eighteen dollars each, whereas the price charged is sixty dollars. Besides, the meters are said to be poor.

It was reported that Mrs. Haggerty, wife of the alleged October robber, would be examined at Essex Market Police Court this morning. Accordingly, a large crowd assembled; but examination was postponed. Barrett, counsel for prosecution, stated to Judge Hedwith, that he had not, as alleged in some newspapers, consented to release Mrs. Haggerty, nor had he any consultation with the District Attorney on the subject.

NEW YORK, Sept. 23.—Mrs. Haggerty was admitted to bail this afternoon, by Judge Dedwith, in the sum of five thousand dollars.

The European papers comment most favorably on the appointment of Messrs. Clews, Habrecht & Co., of London, as bankers of the United States Government, in place of Barlog Bros.

More about New York Affairs.

NEW YORK, Sept. 23.—The Committee of Seventy to-day issued a long address to the people of the city and State, urging honest men of both political parties to combine to put down and punish members of the ring, which is composed of both parties and has so long ruled and ruined the city, and urging the selection of the best men for the Legislature and for all offices of trust. Indifferent voters are asked to lay aside their apathy and aid in the conflict against the political villains of now existing. People of this State have never before had such inspiration to redeem themselves from the wiles of political thieves and effect that reformation which the times so much demand.

In Brooklyn to-day Dr. Pressy was convicted of manslaughter in the fourth degree, having caused the death of Emily Post in procuring an abortion. The prisoner was sentenced to the State Prison for two years.

A private dispatch confirms the truth of the report of the burning of the steamer *Lafayette* at Havre, though there are no particulars of the conflagration.

Small Pox at Lowell.

LOWELL, Mass., Sept. 23.—The Board of Health reports eighty-three new small pox cases during the week, and five deaths.

Dispatch from Richmond.

RICHMOND, Va., Sept. 23.—The trial of J. H. Sands, charged with complicity with ex-Mayor Cahoon in the Housing Bureau case, ended this morning by a verdict of guilty. He was sentenced to two years in the penitentiary.

Senator Schurz's Nashville Speech.

NASHVILLE, Sept. 23.—Senator Schurz has written a lengthy reply to the letter addressed to him by ex-Confederates, expressing intense satisfaction at hearing such sentiments, as an indication that reconstruction and regeneration of the South should come through their own people.

Massachusetts Republican Convention.

BOSTON, Sept. 23.—Geo. F. Hoar will preside at the Republican State Convention on the 27th inst.

A Will to be Contested.

ROCHESTER, N. Y., Sept. 23.—The will of the late A. Champion, whose wealth is supposed to be several millions, was placed with the Surrogate this morning. He bequeaths one half of all his real and personal property to the American Bible Society, not being under control or direction of the Ba

EASTERN DATES TO SEPT. 23.

WASHINGTON CITY.

Miscellaneous News.

WASHINGTON, Sept. 22.—The Commissioner of Internal Revenue decides that interest on the new funded loan bonds of 1881 is not to be included in the returns for taxation in computing the Government tax of 1½ per cent. on net earnings of bonds.

The Secretary of the Treasury has written a letter directing inspectors of steamboats to have all steamers provided with equipments required under the new steamboat act, as soon as such equipments can be prepared by the owners.

Secretary Boutwell will leave Washington on Wednesday for Cincinnati, where he will speak on the 28th inst. He will also speak at Cleveland on the 29th.

The Knights Templar's parade to-day was a grand affair. On passing the Executive mansion the Knights were reviewed by Secretary Boutwell, Postmaster General Cresswell and Solicitor General Bristow. They countermarched to the Masonic Temple, where the parade was dismissed and were served with a banquet. They visited various places of interest.

EASTERN STATES.

Heavy Fire at Des Moines, Iowa.

CHICAGO, Sept. 22.—There was a destructive fire at Des Moines, Iowa, to-day. Twelve buildings and contents were destroyed. Loss estimated at $100,000.

Rise in the Lower Mississippi.

NEW ORLEANS, Sept. 22.—Much apprehension is felt in regard to the condition of the levees. A committee of planters from the upper parishes are here to urge repairs. The *Picayune* says the water at Point Bonnet, Carre Crevasse is only three feet below the top of the levee at the present low stage of the river.

Grand Lodge of Odd Fellows.

CHICAGO, Sept. 22.—At the session of Grand Lodge of Odd Fellows to day, the committee to whom was referred the petition of the Grand Lodge of Mississippi, reported that it was expedient to take action, and the petition was laid over. The special committee on the subject of wearing chateaux or other regalia in public processions, reported such conduct a flagrant violation of the law and a gross departure from the respect due the Executive of the Order. Laid over. The special committee on Rebecca Degree, reported against the expediency of allowing Daughters of Rebecca to retain membership after their husbands' membership may have ceased. The Grand Lodge, after debate, refused to alter the present regulation in regard to dismissal of certificates. The question of permitting lodge meetings on Sunday was tabled. A change in the color of emblems on flags was adopted.

The Tammany Thieves.

NEW YORK, Sept. 22.—The examination of Haggerty and Baleh, charged with the robbery of the Controller's office, commenced to-day before Judge Dowling. The crowd is large and the excitement great.

An immense mass meeting was held in Tweed Place to-night to endorse W. M. Tweed. Fully 25,000 persons were present. Resolutions were adopted endorsing Tweed and placing him in nomination. Tweed made a lengthy address. He said he was happy to meet the friends of his childhood in the scenes of his youth. Among those friends he could safely place himself and his record as a public official openly and publicly to their gaze. When maligned, condemned without trial, it was a pleasure to come to the friends of his childhood and take them by the hand and talk to them in a friendly manner. He pointed proudly to his record, which was open to be scanned by all and courted open, impartial investigation into his official record, and the acts of his life. His friends asked why he did not reply to newspaper attacks. His reply was that no man ever stopped attacks by replying to them. The proper place to meet such charges as were made against him was before a legal tribunal. He was ready and anxious to meet his traducers in that way. He accepted the nomination for Senator, and hoped his friends would stand by him.

Senator Schurz at Nashville.

NASHVILLE, Sept. 23.—The speech delivered by Carl Schurz of Missouri yesterday, created a profound impression in political circles. The most significant incident connected with it is a letter formally addressed to Schurz, and signed by several hundred ex-Confederate soldiers, embracing every grade and rank in the late rebel service, from private and non commissioned officers up to Major Generals. The signers are generally represented as men of influence in the community.

Following is the Letter.

To Hon. Carl Schurz—Dear Sir: We, the undersigned, formerly Confederate soldiers, express to you our high regard for yourself, and our profound regard and admiration of the late noble, non partisan, coherent and patriotic address delivered by you in this city. We admire the manly, independent spirit which refuses obedience to party when in convictions (?) of duty and right; we pledge you that we are no partisans; that we have faith that no words can express on the subline significance of the mission and destiny of the American republic; that we honor and revere the national flag as the assumed herald of that day when all the races of men of all ranks and conditions will be redeemed and delivered from all species of political and moral thraldom. We wish to turn our backs upon all sectional parties, and all parties groping in the moonlight of the past, and ally ourselves with any party that will be animated with the spirit of civil and religious liberation, broad and elevated patriotism, not bounded by State lines, and inspired with an abiding faith in the genius of free institutions.

New York News.

NEW YORK, Sept. 23.—The grand jury found a true bill against George Bette for murder in the first degree for killing Oliver S. Halstead, Jr., on the 2d day of July last.

The expose in yesterday's *Tribune* of the frauds alleged to have been perpetrated by Collector Murphy, created a great sensation, and the subject matter of talk all over the city last evening. Murphy to-day publishes an answer to the charges, but the *Tribune* says it is not half done with him. Editorially it uses the following language. "The uncontradicted facts now laid before that impartial tribunal, the public, prove Murphy guilty, and demand his expulsion from any place of honor and trust under the Government. He has so grossly defrauded."

The investigations of a committee of citizens who were appointed to look to the army swindle, find that the Board of Supervisors are responsible partly for the frauds, they having approved the payment of extortionate accounts.

BOSTON, Sept. 23.—The whole number of delegates to the Republican Convention at Worcester is 735, of which 302 are in favor of Butler, and 433 against him.

SPRINGFIELD, Sept. 22.—In the Republican city caucus to-night the ballot resulted in casting 1,200 votes, while only 160 names were checked. Butler received 800 votes. There were 405 cast against him. The *Republican* denounces the vote as a fraud.

SAN FRANCISCO, Sept. 23.—Parties who had made arrangements for shipping large quantities of the finest quality of grapes from the mountain counties East, find that the increased rates of freight by railroad will practically cause the abandonment of the enterprise, as it will leave no margin for profits, with a large loss for leases.

James Ross brought suit to-day in the Twelfth District Court against the Sacramento Library Association, the Sacramento Association of California Pioneers, and others. The complaint sets forth that John Doe Franklin and Cadwallader & Co. acted as agents for the Sacramento Library Association, the Sacramento Society of California Pioneers, and B. F. Harding & Co. in the conduct of the Sacramento lottery; that on April 21st, 1871, J. D. Franklin sold plaintiff 200 tickets in the lottery at $2 50 each; that plaintiff pays judgment under the statute for $50 each ticket, amounting in all to $10,000. James L. Crichton is plaintiff's attorney. Other lottery managers are to be sued. This course is taken by parties in this city, who have been endeavoring to stop lottery sales ever since the drawing of the Mercantile Library lottery.

A fire broke out just before 8 o'clock this evening, in the upper story of Harpending's 3-story brick, iron front block of eight stores, south side of Market street, opposite Sansome, and ran through the entire story, with astonishing rapidity. The efforts of the firemen were unavailing, though no breeze was blowing, the great heat and the peculiar construction of the building rendering it impossible to get at the flames. The second story remained in a measure intact until half past 8, when it seemed to all kindle at once, and the fire blazed up with fresh violence. Falling machinery soon smashed in the second floor, and the fire broke out in the first story. The fire fed by a large quantity of oils, liquors, etc., bent and swelled the thick iron doors like shavings, and before 9 o'clock all hope of saving any part of the block was abandoned. The fire was bounded by the alley on the east, and the block occupied by Tyler, Curtis & Co., and Strahlo's billiard factory on the west, which is not materially injured, though the adjoining building is destroyed. The principal sufferers are Hostetter, Smith & Dean, drugs and medicines, who occupied two stores from the ground to the roof, Thurnauer & Zinn, notions and fancy goods, Oailif, Weimer & Dato, straw and fancy goods, New York bedding house, F. Toplits, millinery, Phelan & Collender's billiard ware-rooms, Welch & Co., leather and findings, and Sieberlieb & Co., boot and shoe depot, all wholesale establishments, and entirely destroyed, hardly anything being saved. The loss will approximate a million dollars, and may exceed it.

SAN DIEGO, Sept. 23.—Owing to the raise of tariff made by the steamer company, and their refusal to carry powder and gasoline, merchants have formed a combination to send an agent to San Francisco fully empowered to charter schooners to ply between this port and San Francisco. The principal race at the Wasco County Fair was between Norwich and Mountain Buck. The former won, making the mile in 1:55.

Hon. Joseph S. Smith is in Wasco county, where he has been spending some weeks for the improvement of his health, with good success.

The farmers of John Day Valley (Grant county) have offered a subsidy of three thousand dollars to any responsible party who will erect a good flouring mill there.

By the fires this year the destruction of timber on the Blue mountains is immense. In the direction of Canyon City the mountains have been for weeks aglow with flame.

Gilbert Clute, the rope walker, who fell, the other day at Corvallis, from a height of thirty feet, died on Friday from his injuries. His spine was broken by the fall.

The Yamhill paper wants the farmers of that county to devote more attention to vegetables; which is a timely hint, as potatoes there during the last two years have been worth no more as wheat, bushel for bushel.

The *Mountaineer* thus "sums up" the Fair at the Dalles last week: The number of fine cattle and horses was not so large; neither was the show so great in the agricultural and mechanical departments as last year, yet what was exhibited was of the very best quality.

Gale Bros., proprietors of the Roseburg *Ensign*, which was destroyed by fire last week, have issued a circular in which they state that their loss is complete, and that nothing belonging to the office, not even the books, was saved. Their actual loss they put at over $2,500. They had just purchased new material for their paper and had enlarged it. An appeal is made to those indebted to them to pay up. As their books are lost the proprietors appeal to the honesty of their patrons. They hope to be able to start their paper again.

From the Albany *Register*: Linn County Fair opens on Tuesday next, and from present indications it will be the best showing throughout ever given by the Society; and the attendance, owing to the fact that transportation facilities have been largely increased since the last fair, will be probably more than double that of previous meetings. In this expectation our hotels have added largely to their accommodations, and parties are engaged in erecting, on the fair grounds, temporary structures for the accommodation and entertainment of all who may come. We are informed that the arrangements for "sleeping" and "eating" strangers during the continuance of the fair will be far superior to those of last season.

THE TERRITORIES.

The number of children in the Kalama school district is sixty-two.

Two locomotives for the N. P. R. R. are expected to arrive at Kalama by the bark *Rival*, now nearly due.

The present indebtedness of Clarke county, W. T., is $25,668. The assessment of the county is about $1,000,000.

The contribution box at the Catholic Church, at Vancouver was robbed a few nights ago by thieves who entered the building. The lowest depth of meanness has been sounded at last.

W. E. Boone, Superintendent of the W.T. Penitentiary, has been directed by the Interior Department to suspend at once all operations in regard to the construction of the Penitentiary. No money is to be expended unless the sum appropriated will complete a portion of the building ready for occupancy; this the money now available will not do; hence nothing is to be done until another appropriation is made.

The President of the San Francisco Benevolent Society estimates that there are 2,400 grog shops, 3,000 thieves, 6,000 loud women and 5,000 idlers in that city, or 16,400 directly engaged in increasing poverty.

Miscellaneous News.

WASHINGTON, Sept. 23.—Ezra Wheeler, Register Land Office at Pueblo, Colorado, died there to-day.

The General Ku Klux Committee have authorized the chairman to request the president of the Senate to issue warrants for witnesses who have failed to answer summons, and adjourned until called together by the chairman. The sub-committee examined Col. Saunders, of N. C., and Edward Wheeler of S. C. Saunders, whom the committee had trouble in getting before them, refused to answer as to his connection, and that of others, with the Ku Klux, on the ground that he was not compelled to criminate himself. The act of Congress of 1862, which does not excuse a witness from testifying before a Congressional Committee was read to him; he preferred to rely on the Constitution. The case will be reported to Congress.

Reform in New York.

NEW YORK, Sept. 23.—The committee of seventy are said to be preparing an application for a special organization to restrain Tweed from affixing meters approved by him, to water pipes of all buildings except dwelling houses where water is used. The charge against Tweed, in this instance is, that the meters cost only eighteen dollars each, whereas the price charged is sixty dollars; besides, the meters are said to be poor.

It was expected that Mrs. Haggerty, wife of the alleged voucher robber, would be examined at Essex Market Police Court this morning. Accordingly, a large crowd assembled, but examination was postponed. Garrett, counsel for prosecution, stated to Judge Dedwith, that he had not, as alleged in some newspapers, consented to release Mrs. Haggerty, nor had he any consultation with the District Attorney on the subject.

NEW YORK, Sept. 23.—Mrs. Haggerty was admitted to bail this afternoon, by Judge Dedwith, in the sum of two thousand dollars.

Indifferent voters are asked to lay aside their apathy and aid in the conflict against the political villainy now existing. People of this State have hope before had such inspiration to redeem themselves from the wiles of political thieves, and to effect that reformation which the times so much demand.

MONDAY MORNING, SEPT. 25, 1871.

National Prosperity—Protection and Free Trade.

It is too well understood to be successfully contradicted that in spite of our great civil war the last ten years have been the most prosperous in an industrial point of view that this country has ever known. Of course we do not include in this statement those parts of the country that were so severely ravaged by the armies of both sections, but we speak in general terms of the States that remained true to the Government and the Union. Their prosperity was never at so high a pitch as now. There is more wealth, more manufactures, more progress in internal improvement, more culture and refinement, more comforts in the homes of the people and less beggary and distress, than at any former period in our history. This prosperity is universal. It belongs to all classes. It is false to say that the poor are growing poorer. The one fact that the Eastern savings banks now have three times as much money on deposit,—mostly the earnings of the working classes,—as they had in 1860, is a sufficient confutation of all assertions that the industries of the country are in an unprosperous condition.

For the last ten years the necessities of the country have been such that we have been forced to keep duties on imports at a high rate, in order to provide a revenue. Incidentally this tariff has been a protective one. American industry during the last ten years has been better protected than ever it was before. Hence the prodigious strides which have been made in industrial progress and development, in manufactures of all kinds and in gigantic works of internal improvement. Through the instrumentality of protection our industries have been developed to such an extent that we are more prosperous than we ever were before, notwithstanding the heavy debt we are obliged to carry and the vast charges we are at, to meet payments of interest and principal. Under no other system than one that protects our own industry would these great results be possible.

But there are those who, having been politically wrong during the last ten years, seem anxious to show that they are now economically wrong. Such are insisting that the very system which has carried us up to this height of prosperity is injurious, and should be abandoned. With this notion in view they are piping for free trade, and proclaiming that protection is ruining the country. People of all classes can stand it to be ruined in this way, and content themselves by seeing their property grow in value, their bank accounts accumulate and their home comforts increase. Free trade organs are fond of telling the laboring man that the tariff "robs" them for the benefit of manufacturing proprietors. For instance, the *Herald* thus essays to tell how it is done, taking the manufacture of razors for an illustration:

> I can buy, say a razor, in England for, say, 20 cents. But the Government says, "I want Mr. Jones, of Connecticut, to make razors; it would be much more patriotic for American citizens to shave with razors made by Jones, in Connecticut, than to shave with razors made by Rogers, in England; and as Jones cannot afford to make them at 20 cents apiece and make a profit, but can make them at 50 cents and make a profit, I must put a tariff on the English razor of 15 cents, so that American citizens can buy the article, in this country, for less than 65 cents, while Jones can make a fortune by manufacturing and selling the razors at 50 cents." Such is the practical language of a protective tariff law. It robs the purchaser to "protect" the manufacturer.

In order to give this so-called illustration in full, we quote a little further:

> As the English razor costs twenty cents at the manufacturer's, and must pay a tariff tax of thirty five cents before it can be landed upon our shores, to pay nothing of intermediate profits and the cost of transportation, and as Jones can sell his razors at fifty cents apiece and make a large profit, the effect is to exclude the foreign article entirely from our markets, or virtually so, and hence, as the foreign article is thus excluded, Jones enjoys a monopoly, and the government gets no revenue at all. The tariff tax is indeed a primitive one, it excludes all foreign competition, and gives Jones an exclusive monopoly.

This is all the argument the free traders have, and ten lines of common sense will explode it. The whole error rests on the assertion that the tariff gives "Jones an exclusive monopoly" of razor making. This is supreme nonsense. If the manufacture of razors under the protective tariff is so very profitable, why don't other people as well as Jones go into the business? The field is open for them. And who is so silly as to suppose that other capital besides Jones' will not enter the field, if there are profits in it, and compete with him? It will assuredly do so. Then the competition between home manufacturers will go on till the profits of making razors are reduced to a minimum; that is to the lowest rate at which razors can be made in this country, with labor at the rates paid here. Under this system capital obtains reasonable returns on its investment, domestic labor finds employment at remunerative prices and all interests flourish together.

It is the same in every other branch of manufacture. It is often asserted that the tariff on iron gives a few manufacturers a monopoly, and that their profits are immense. Now there are beds of iron everywhere; if the profits of making pig iron are so enormous, what is to hinder our free traders from turning some of their surplus capital in that direction? Why don't they erect blast furnaces at once? That they do not, proves conclusively the fallacy of their own argument.

Free trade would drive both American capital and American labor out of the multiform branches of manufacture here, or at once reduce both to the status of capital and labor in foreign countries. Our workmen would be forced to accept one-half the wages they now obtain, and capital would get no more than two or three per cent. per annum on investments. Either this, or our manufactories would stop entirely and we should all be forced to look to the soil for subsistence. Then our productions in agriculture would diminish at once, the value of agricultural products, and the laborer would find every avenue to prosperity closed against him. In such as the country is prospering under the present system more than it ever did before, might it not be as well to let its prosperity continue?

Our Fairs.

The increasing industrial activity of Oregon is attested by the growing interest in our fairs and industrial exhibitions, and the manifest improvement noticeable in them from year to year. Most of the principal counties of the State now have their annual fairs. The efforts that are made to render them attractive and improve them in point of interest and usefulness, give much encouragement of future industrial growth and progress. The annual fairs of our county agricultural societies are an institution in the land, and it is well observed that of latter years they have become a very valuable institution. Progress, improvement are the "signs of the times," not only in cities, but the country at large, and there is no greater aid to progress and improvement in agriculture, horticulture and stock growing, than these annual fairs and exhibitions. The county that has not its "Fair Grounds" in good trim, is almost as far behind the age as one that has not its "meeting house" at the corners, or on the most commanding site near them, where its modest spire rises heavenward, and looks out over the surrounding farms with a sort of ghostly protection.

But the county fairs exert a constant influence over the great majority of farmers in the country. There are some self-sufficient men who think it beneath their dignity to assist at the annual exhibitions by adding anything to the attractions, but their sneering presence. But they are not the progressive men of the country—nor the men by whose influence any steps in advance are made.

The Wasco county fair was held last week; that of Linn county will be held during the present week at Albany, and the State Fair will commence on the 9th of October. Washington county will hold its fair about two weeks later. Spirit and activity are evinced in the preparations making for these events. More interest appears to be exhibited in this direction than in any former year.

A more propitious and prosperous season than the present one, was never enjoyed in Oregon. The farmers' crops are better and more abundant than usual, and what is of quite as much consequence as good crops, the prices which they command at market are such as to afford the greatest incentive and encouragement to renewed efforts. The exhibits at our fairs this year will certainly not suffer in comparison, in kind, with any exhibit in any State of the thirty-seven.

Commendable Prudence.

The Democratic organ has concluded that it would be prudent to say no more about Jefferson. It therefore takes its leave of him, and thinks no "defense" that he might receive at its feeble hand" would do him any good. Right for once. But if the organ had made this discovery sooner, it would have saved itself much useless labor and the humiliation it has experienced. The political doctrines that directly led to secession and to the great rebellion, and which everybody knows were started by Jefferson, cannot now be "defended" by anybody. The people of America have formed a settled judgment in regard to the men, and have utterly and forever repudiated the dangerous and destructive political dogmas which he originated and introduced. The issue of the war broke down Jefferson's "political philosophy," as regards the nature of the Government under the Constitution, which the Democratic organ here is so fond of talking of; and every election that has transpired since the war ended, has declared the unalterable determination of the people to have no more "Jeffersonian Democracy," with its "State compact" theory, secession dogmas, rebellion and civil war. The *Herald* in avoiding our article entitled, "What History says of Jefferson," does well to forego an attempt to answer facts that are unanswerable.

The *Herald* in one respect is more fortunate than Falstaff was; it has found out where a "commodity of good names" can be had. This, at all events, is to be inferred from the fact that it gives to its leading article of Sunday the caption, "An Impotent Conclusion." There is frankness and candor about this as well as fitness; for the *Herald* sets out to prove that the Secretary of the Treasury never issued a certain statement concerning internal revenue defalcations, and winds up with proving from its own telegrams that the Secretary did issue it. "Impotent conclusion" in this case is good. It would do for a standing head for most of that paper's articles.

Senator Corbett starts East to-day (Monday) going overland to California. He will not return probably till next July or August, after the close of the long session of Congress. That he will continue to give a good account of himself and to labor with success for his State no one needs to doubt.

TUALATIN PLAINS, WASHINGTON Co., OREGON, July 23, 1871.

DR. J. M. LOBYKA—I have been troubled with Rheumatism for the past twelve years; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Blue Wood Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and THE BONY GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am far better than I have been for years.

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one-fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel.

THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: I have no hesitation in recommending the "Averill Chemical Paints" to those who require economy and durability. It weathers our smoky atmosphere better than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."

"JACKSONVILLE, FLORIDA CUSTOM HOUSE."
It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.
WM. P. DOCKRAY.

I have carefully examined the cost and merits of the Averill Paints with White Lead and Oil and find 90 cents per gallon in favor of the former.

COSMOPOLITAN HOTEL.

CHANGE OF PROPRIETORSHIP.

H. H. PEARSON,

Late of the Russ House,

HAVING BOUGHT THE INTEREST OF MESSRS. Tubbs & Patten, of the Cosmopolitan Hotel, has secured a lease for a term of years of this well known and elegantly furnished Hotel. His previous reputation assures its being kept in first class style, while in order to keep pace with the times he intends to make important reductions in the scale of charges. His intention is to make it a family and business house, while his large connection with the traveling public warrants him in expecting a large amount of country, Pacific Coast and Eastern patronage. The prices will range from two to three dollars a day for ordinary accommodation. Board by the week or month as per contract. The Table will be kept on the most liberal scale and many improvements introduced. The spacious reading room is the finest of its kind in the city, while the furniture and fittings generally are superior to those of any hotel in San Francisco. The house will be thoroughly overhauled. Mr. PEARSON assumes proprietorship this day, August 1st.

GREAT SALE

OF

I. AND AT AUCTION!

On Tuesday, 10th day of October, 1871,

There will be a

GREAT SALE OF REAL PROPERTY

AT

ASTORIA,

Clatsop County, Oregon.

THE LANDS TO BE SOLD WILL CONSIST OF

LOTS AND BLOCKS

In the Town of Astoria, and

Handsome Sites for Residences!

Immediately adjacent to the town.

The LOTS and BLOCKS comprise some of the Choicest in the town for Residences or business purposes, and the SUBURBAN LANDS, admirably situated for Residences, will be sold in such parcels as to suit purchasers.

Among the Lots to be Sold are the following:

Lots.	Blocks.	Lots.	Blocks.
1	4	1	104
7, 8	4	1, 2	105
3, 4, 5, 6	20	3, 4, 5, 6	115

Adjoining the Town of Astoria, containing from One to Six and a half Acres.

ALSO,

"THE KLASKANINE FARM!"

A Magnificent Property, valued by the Appraisers at

$7,000 GOLD!

The acknowledged Natural Advantages of the Town of Astoria; its convenient access by Sea and Inland Navigation; its pleasant and healthful situation, all render it one of the most desirable places on the northern coast to obtain property.

These Lands will be Sold at Auction, and Liberal "Auction Prices" are realized, SALE WILL BE ABSOLUTE.

THE TITLE IS PERFECT, as any lawyer will certify upon examination.

Let any person compare the Astoria of to-day with the Astoria of ten years ago, and he will want no further argument to prove that the investment at present prices CANNOT BE UNSAFE, and is likely to be IMMENSELY PROFITABLE.

The proposed Sale is to be made to pay the debts of the late Judge Olney.

For further particulars apply at the office of the County Clerk of Clatsop County, at Astoria, or at the office of Hill, Thayer & Williams, Attorneys-at-Law, Portland.

MAXIM GAS LIGHT.—For several evenings the store of Bancroft & Morse, on First street, has been lighted with gas manufactured on the premises, by one of the Maxim gas machines, set up by Mr. D. W. Daniels. The lights have been observed by a great number of people, and the opinion, we believe, is unanimous that they are equal in all respects to the coal gaslights. The gas is manufactured from gasoline by a process which, though simple, we shall not undertake to describe here. We are not informed as to the cost of the machine, but we are assured by Mr. Daniels that the expenses of manufacturing the gas of first quality will not exceed $2 50 per thousand feet. We have also a table of comparative costs of gas as manufactured from gasoline and coal. For instance: 180 gallons of gasoline will supply 25 lights one hour each day for twelve months, costing, at 40 cts. per gallon, $72. The equivalent in coal gas would be 45,000 feet, costing at $5 per thousand, $225. The difference in favor of the Maxim is, therefore, $153. It will thus be seen that the gasoline gas light may be furnished exclusive of the cost of the machines, at about one-third the cost of coal gas. It is claimed for the Maxim machine that it is perfectly independent of atmospheric changes; capable of regulating and controlling evenly the proportions of vapor and air, and consequent quality of gas; that it will maintain the quality of gas unchanged when running to its full capacity, for any desired length of time; that it is perfectly safe and always reliable, etc. The machines have already been largely introduced in San Francisco and other cities, in all cases giving entire satisfaction. They can be made to supply a single room, a building, an entire block, or a whole city, the gas being forced through ordinary gas pipes in any direction or to any desired distance. It would seem from the experience already had that these machines afford the means of escape from the exorbitant demands of coal gas monopolies, and as such they are to be hailed as among the important inventions of the age.

ST. HELENS ITEMS.—Our regular correspondent under date September 23d writes: Several prospectors have recently returned from Lewis river after quite an extended tour. They are very much elated with the prospects found, which consist principally in gold bearing quartz in large quantities, and which is pronounced by experts to be of good quality. Iron, silver, copper and coal were among the many things found, which are of interest to the tourist or prospector. These men intend forming a stock company for the purpose of opening their claims as soon as practicable.

There was an unusual occurrence here yesterday. A fleet picture (using an ocean element) (the *Ajax*) down stream. It is quite common to see small steamers towing ships and barges

CA. MUSICAL NEGRO.—It is announced that a remarkable negro will shortly arrive in this State for the purpose of astonishing the natives with what he can do with his toes. He is said to be without arms, and to be able to play on several instruments, and to paint, write, etc., with his feet and toes only. Probably one of the numerous hilks with which our State is always infested about Fair time.

BEWARE.—It is not an uncommon thing that visitors at our State and County Fairs are "fleeced" by various devices, for which the managers are, however, not wholly responsible. The Albany *Register* startles us not a little by the announcement that the people of Albany have made "superior" arrangements for "sleeping and eating strangers." We advise all strangers, therefore, to be aware.

STRENGTH OF THE GOOD TEMPLARS.—It is stated upon the figures in the possession of the Grand W. C. T. of the Good Templars, that the Order in this State has about three thousand members. The inauguration of the building enterprise in this city indicates that our city Lodges are strong and prosperous.

DAY OF ATONEMENT.—The Hebrew Day of Atonement began at sundown last evening, and will continue till the setting of the sun to-day. The day will be observed by fastings and solemn services at the Synagogues. All places of business owned by Hebrews will be closed till sunset.

PLENTY OF MONEY.—We are reliably informed that not less than a million and a quarter of dollars have been recently sent into the Willamet Valley for the purchase of wheat. It would seem that with all that distributed among the farmers money ought to be considered plentiful.

AGAIN.—The rain storm which came so near being a failure, yesterday renewed its welcome patter on the roof. The country needs about a week of it yet to properly prepare the soil for plowing and seeding.

THE COUNTY ASSESSMENT.—Notice is given in another column, that the assessment roll will be finally examined and corrected at the next monthly term of the County Court, October 2d.

SALE OF CITY PROPERTY AT AUCTION.—On Saturday Mr. A. B. Richardson sold at auction block 126 in Couch's Addition for the sum of $4,750.

DUE.—The steamship *John L. Stephens* will be due at this port this afternoon.

MAXIM GAS LIGHT.—For several evenings the store of Bancroft & Morse, on First street, has been lighted with gas manufactured on the premises, by one of the Maxim gas machines, set up by Mr. C. W. Iron, silver, copper and coal were among the many things found, which are of interest to the tourist or prospector. These men intend forming a stock company for the purpose of opening their claims as soon as practicable.

There was an unusual occurrence here yesterday—a river steamer towing an ocean steamer (the *Ajax*) down stream. It is quite common to see small steamers towing ships and barges, even saw logs, but the towing of the *Ajax* by the *Senator* excited our curiosity, until we saw the *Ajax* hitch to that "particular spot" claimed by the *Wright*, and receive the balance of her cargo on board. You ought to have seen the joy that was spread over the face of the infant "Columbia City" upon beholding this. All business was suspended for the time being, and looking through this, they had a glorious vision of the "good time coming;" but like all good things it had an end which came too soon, for in due time the *Senator* went up stream, and to-day the world looks much as before. Business is quite lively here. The mill is turning out some 20,000 feet of lumber daily, besides laths and wood.

Two large scows are being built, and the lumber for another is being sawed out.

The *Josie McNear* has just passed up with a raft of near a million saw logs from the Cowlitz for the Portland market.

All farming products are meeting with ready sale at paying prices. Taking all things into consideration we have cause to be thankful. Of all the State of Oregon I believe there is no place where a little perseverance and labor bring as ready returns as in this part of the Columbia Valley.

THE WASHINGTON TERRITORY FAT GIRL.—The reporter of the *Bulletin* has had the felicity of an interview with the fat girl of Washington Territory, and this is what he learned:

"The fair and fat one was born in Iowa in 1849, and came with her parents to Washington Territory in 1853, and since then has resided near Vancouver, where she has grown to present vast proportions. The young lady is five feet eight inches high, and weighs four hundred and nineteen pounds. She enjoys excellent health, is as active as the general average of girls of her age, and endowed with strength in proportion to her weight and size. She declares that she has frequently lifted eight hundred pounds, and can throw one hundred pounds over her shoulder without the least inconvenience. She has a good, although not ordinate, appetite, sleeps well, and altogether, is a 'hale fellow.' She states that her mother is a slender woman, weighing about one hundred and forty pounds, while her father never weighed to exceed one hundred and seventy-five pounds. Until seven years of age she was slender; at that age she had an attack of lung fever, and upon her recovery commenced to gain flesh, and has continued to do so ever since. Her muscles are as hard as iron, and she informs us that she has often danced all night without becoming tired."

MOSS AGATE.—We have received from Mr. Wm. E. Dunbar, of the Warm Springs Indian Reservation, a specimen of the moss agates lately discovered to abound in that neighborhood. The specimen which we have was ground on a common grindstone, but sufficiently shows the genuine character of the moss agate. Mr. Dunbar writes: "The strata of agates are underlayed and covered by volcanic sandstone and tufas containing the petrified bones of extinct tertiary animals. They are found from one mile above here along the bluffs of the Cliff ike to two miles below. They are also found on the Te-mo-le-ous or Willow Creek, some 25 miles from here."

TRANSMOGRIFICATION.—The new petite cabin of the R. R. ferry boat has been nearly completed, and the pilot's wheels have been moved down into the new house. The old cabin shell has been torn down, and portions of the headcare sides of the main cabin have been sawed off. In a day, the transmogrification of the boat will be complete, and then her most intimate acquaintances of the old time, will hardly know her.

GOOD TEMPLARS' HALL ASSOCIATION.

The Good Templars of this city have resolved to build a hall, and the following articles of incorporation have been filed in the County Clerk's office, by Jacob Stitzel, A. G. Walling, W. Lair Hill, W. H. Watkins, H. Y. Thompson, Thomas D. Eliot, J. N. Dolph, G. H. Atkinson, William Masters, John B. Gunnison and S. A. Moreland, as incorporators:

Article I. This corporation hereby assumes as its name and it shall be known as the "Good Templars' Hall Association of Portland," and its duration shall be perpetual.

Article II. The enterprise, business pursuit and occupation in which this corporation proposes to engage is that of buying suitable real property within the corporate limits of the city of Portland, and erecting thereon suitable buildings for the use and occupation of the several lodges of the Independent Order of Good Templars of Portland, as well as such other buildings as may be erected for the benefit of this Association, and for the use and occupation of such other temperance societies and organizations as may be at any time existing in this city; and for offices, stores and public halls, shops, etc., for rent for the benefit of this Association, and of doing any and all things necessary and essential to carry on the foregoing business, or to advance the good of the Association and of said Order in this city.

Article III. The principal place of business of said corporation shall be at the city of Portland.

Article IV. The amount of capital stock of this corporation is and shall be $20,000.

Article V. The amount of each share of such capital stock is and shall be $20.

LOCAL BREVITIES.

The O. S. N. Co. is about to build a new wharf boat at their landing at the lower Cascades.

There is said to have been lately several fresh arrivals of sharpers in anticipation of the State Fair.

Complaints are made that the singing, drinking and dancing men and women of the dance houses are so noisy that nobody in the vicinity can sleep. The remedy lies with the City Fathers.

The man McAllister, charged with attempting to abuse a Chinese woman, had a hearing before Judge Denny, on Saturday and was discharged.

A number of our citizens and numerous sporting fellows will leave to-day and to-morrow to attend the Albany Fair. Unusually exciting races are anticipated.

It is stated again positively that the Neptune crew of this city is about to challenge the world for a race; but it is not stated that the crew is practicing for it—a singular omission.

Several boys who have been going on for some months from mischief to vice and from vice to crime, were tried on Saturday for stealing pumpkins. One of them was sent to jail for a day.

Mud has become a prevailing element on the streets, and crossings are bad, especially near the buildings which are in course of erection.

A PAIR OF 'EM.—Duluth is called the "Zenith City of the Unsalted Seas." Phœbus, what a name! Now let Kalamo be called the "Unmatchable City of the Hesperian river."

BUSINESS NOTICES.

CATARRH, Throat, Bronchial and Lung Affections are treated successfully by the new and scientific mode as practiced by Dr. Ahern—at the St. Charles Hotel—also all diseases of the eye and ear.

WELCOME VISITOR.—Mr. Joseph Middlemiss, Superintendent of Agencies for the Pacific coast, of the New England Mutual Life Insurance Co., is in town "for a few days" and would be pleased to see at the Agency office of Mr. G. C. Rider, 92 Front street, any parties who may desire to effect an Insurance—his Company being the oldest Purely Mutual Company, operating as it does, under the Massachusetts law—and being well and favorably known—giving every advantage in payment of premiums and resorting to no experiments to gain business. We would say that his presence presents a very favorable opportunity.

AT J. O'NEIL & CO.'S, 68 First street, can be found the finest and largest stock of Clothing and Gents' Furnishing Goods in the city. The celebrated Star Shirt, a full supply, and the *Guanock* Umbrella, the latest and best article out to keep off the Oregon mist. Look through J. O'Neil & Co.'s stock will benefit those intending. They sell at marvelously low figures.

KOHN & BISHAL have received by the late steamers large invoices of clothing and gents furnishing, and they now have the largest and best assortment of goods in their line in the city. They sell low, and everybody can buy. Go to Kohn & Bishal's 91 Front street for bargains.

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Painful Cachexia, Albuminoze, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at C. H. Woodard & Co.'s Drug Store, Front Street, Portland.

SORE THROAT, Cough, Cold, and similar troubles, if suffered to progress, result in serious pulmonary affections, oftentimes incurable. "*Brown's Bronchial Troches*" reach directly the seat of the disease, and give almost instant relief. They have been thoroughly tested, and maintain the good reputation they have justly acquired. *As there are imitations, be sure and obtain the genuine.*

Old Things Have Passed Away.

This is at least true of the old method of treating the long abused and much abused human body. It is no longer considered wise to put a patient to the torture in order to cure him of a disease in which pain is already undermining the energies of his system. True science ranges itself on the side of nature, and endeavors to assist her in her fight against disease. This is the province of Hostetter's Stomach Bitters, the most approved tonic ever advertised in this country. It may be recommended as a full medicine, par excellence; for it is in the fall that biliousness, dyspepsia and malarious fevers are especially prevalent. The frame, exhausted by the heats of summer, is relaxed and feeble at its close, and requires, we may say *demands* artificial assistance. Afford it that assistance in occasional doses of Hostetter's Stomach Bitters, and the evils referred to may be escaped. Throughout the far west, and on the alluvial of the Southern rivers, all the varieties of periodical fever are probably rife to-day. Had a course of Hostetter's Bitters been commenced by the sufferers a month ago, or before the unhealthy season set in, seven-eighths of them would in all probability be in their usual health at the present time. So much for want of forecaste. So much for not keeping in the house, and using daily the best safeguard against epidemic and endemic fevers.

As flocks of impostors and imitators are trying to follow in the wake of the great American remedy, therefore be sure that the article you buy is genuine and vended by the proper trade marks. The true article can only be obtained in bottles. Beware of the spurious bitters sold by the gallon or in kegs.

Agents for the Sale of Blocks and Lots in

HOLLADAY'S ADDITION

TO

East Portland!

TO OUR PATRONS AND THE PUBLIC GENerally desiring to make SAFE and RELIABLE Investments in Real Property, we beg leave at this time to call your attention to this DESIRABLE TRACT, which has been subdivided into Blocks and Lots, and is now in the Market, to be sold in Alternate Lots and Blocks.

No one that has ever visited this body of land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any ever offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what a

Fair View of the City of Portland and Willamette River

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE:

Aside from gigantic Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses; also, Street Improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—40 per cent. CASH down; deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife, United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

Parties desiring to invest will find Maps and Plats of the property at our Office, or at the Office of Messrs. FERRY, RUSSELL & WOODWARD, and other LAND AGENCIES in the city.

FINANCE AND COMMERCE.

SATURDAY EVENING, September 23, 1871.

Gold in New York, 114¾.

Currency, buying, 87c; selling, 88.

The *Hattie C. Rose* has been laid on for San Francisco. She will have quick dispatch, as cargo is nearly all secured.

We have been informed that negotiations are about consummated for a vessel to come up from San Francisco and load Wheat for Liverpool, as vessels here ask too much for charter.

Late mail advices from San Francisco gives 27 disengaged vessels seeking charter, their aggregate tonnage amounting to 26,500 tons. The telegraph has informed us of the arrival of several more, with over 200 afloat for San Francisco, besides 8 for this port.

The following table gives the receipts of certain domestic produce at San Francisco from July 1st to Sept. 16th, 1871, in comparison with like period for 1870:

	1870.	1871.
Flour, qr sks	149,062	134,823
Wheat, sks	1,768,222	537,570
Barley, sks	236,387	216,601
Oats, sks	85,199	42,268
Potatoes, sks	132,552	123,613
Corn, sks	7,612	3,021
Rye, sks	5,394	1,195
Buckwheat, sks	118	140
Beans, sks	7,490	7,908

By this table it can readily be seen that farmers are holding back their Wheat, which, if early rains should occur, they will throw on the market, causing prices to fall quite low. In anticipation of this shippers are only purchasing on the spot at quotations, and if purchasing for future delivery prices are lower.

The following table gives the export of certain article of produce from San Francisco from June 30th to Sept. 15th, 1871, in comparison with like period for the four preceding years:

	Wheat. 100-lb sks.	Barley. 100-lb sks.	Flour. 100-lbs.	Oats. lbs.
1871	230,704	2,295	71,538	76,627
1870	1,033,310	65,719	2,157	33,728
1869	1,510,286	99,285	1,156	57,958
1868	1,048,782	7,665	2,297	94,165
1867	1,399,633	1,807	4,992	97,644

The month of September in England is one of the most eventful of the year for Wheat crops, for in this month the crop is harvested and housed, so that until the crop is secured great uneasiness is felt. This year the crop was fully five weeks backward, but owing to very favorable weather in August Wheat was put forward two weeks, so that the harvest is only three weeks backward. Farmers are in the midst of harvest now, and the telegraph informs us the weather is very favorable, so no apprehensions on that score need be felt.

Late reports from the Southern Sugar crop give a larger amount than was early estimated. The yield, it is thought will reach 225,000 hhds. against 140,000 hhds. last season. In remarking upon the Beet Root Sugar crop in Europe the New York *Shipping List* says:

Accounts of the Beet Root Sugar crop in Europe are favorable, and a large yield is expected. The number of Sugar factories at present registered is 334, most of which will be working on the new crop before the end of September. The crop is estimated for the present season is 350,000 tons against 300,000 tons last year, or from 50,000 to 60,000 tons more than the entire home consumption.

The following table gives the shipments by railroad from San Francisco East for the first eight months of this year of each article named:

Tea, lbs	6,629,874	Hops	121,468
Cotton (foreign)	1,201,420	Quicksilver, flasks	31,100
Silk	502,460	Sundries	1,239,063
Wool	12,610,868	Bullion	2,129,863
Hides	38,870	Glue	8,502
Leather	1,067,797	Fish	384,040
Wine	1,092,755		

Portland's increased and increasing trade is principally caused by our Jobbers being able to undersell those in San Francisco. Experience has taught the interior merchants that to take the average prices paid in this city for goods and the average prices paid in San Francisco (take the average for the year) it is found that goods can be purchased in this city at a less percentage than in San Francisco. The causes which lead to this are numerous but will only be due at length one of the principal. In San Francisco there are two kinds of leading merchants—Jobbers and Importers. Importers are generally wealthy. They either buy direct of manufacturers in the Eastern States, Great Britain, the Continent, and at all foreign supply ports or else act as agents for manufacturers. Importers also sell to outside parties (by outside parties we mean merchants and traders whose solvency do not justify purchasing invoice lots and whose credit is not well established to the San Francisco banks) preferring to sell only to Jobbers in San Francisco and Sacramento, California, or in Portland, Oregon. Jobbers in San Francisco purchase any article of merchandise direct as they may happen to want it, whether buying of Importers from whom they obtain long credit, which they are necessitated to do, owing to being forced to grant long credit to many interior merchants made from carrying tolerable large stocks themselves, taking on all and often more than their capital. We are personally cognizant of several instances where San Francisco Jobbers have averaged annually from $2,000 to $4,000 interest to banks for interest on borrowed capital. Portland Jobbers are also heavy Importers, and being (the majority of them) wealthy, they have almost always on hand a large surplus, or can command it, of capital with which to take advantage of any choice offerings of goods in San Francisco, in case invoice lots by Importers in the latter resident parties there, to take advantage of the market at any time. Their importations from the Atlantic and foreign ports of supplies are made both direct and also via San Francisco. Every article of merchandise which the city are made to or consigned to San Francisco where the merchandise is reshipped in coasters, either sail or steam, for this city. We are aware of several firms who are in constant receipt of invoices from Europe by sail consigned to San Francisco, from which places the goods are reshipped to this port. One of our firms have now en route to this manner invoices from the Atlantic ports on the following ships: *Pamplin, Osceola, Windward, Geo. Morton, Dauntless, Fleetwing, King Fisher, Swallow, Titan, Peterik, Twilight* and *Thatcher Magoun*, besides invoices on several ships from Europe consigned to San Francisco. The establishing by Messrs. Isaacs & Rhodes of this city of a direct line of packets between here and Liverpool will overcome in shipments being made to this city instead of by way of San Francisco. In Clothing, Dry Goods, Boots, etc., our Jobbers buy direct in the East and ship by railway via San Francisco. By having a thorough knowledge in San Francisco we find that many of the Jobbers or Importers do their purchasing of goods of Importers in San Francisco for cash or also discount their bills. To sum up the advantage of Portland Jobbers over San Francisco Jobbers: Saving of freight, insurance, &c., resulting from Importers or Jobbers purchase any and everywhere they can do the best either in San Francisco, Atlantic States or foreign countries, confining themselves to no particular place. Interior merchants can purchase the majority of their goods from first hands without having the profits made on before being bought by them as would be the case in purchasing in San Francisco. Our Jobbers are now selling goods from $200 to $400 per month interest money which has to come out of those buying; rents are lower, State and city taxes are less, but these are enough to show to all shrewd interior merchants or traders where their interest lies. Then as an old saying, "Goods cheaply bought are half sold." Interior merchants purchasing in San Francisco have to carry larger stocks, for if purchasing in this market they can make purchases oftener, and only buy just such articles as are needed, allowing them more capital with which to extend longer and larger credit, if desired, to solvent customers. We will take occasion to refer to this matter again in some future article.

Merchandise Exports.

WHEAT—Reports from the country give freer offerings with but little changing hands except at lower rates than formerly ruled. We look for lower market as soon as rains fall in California, unless unexpected news reaches us from Europe, causing prices to advance here. We continue our quotations at $2 10@2 20 ₰ cental sacked; without sacks, 1 40@1 50 ₰ cental. Liverpool quotations, 12s 8d.

FLOUR—Market very dull and weak. Our dispatches for three days past from San Francisco have stated marked dull and weak in that city with no transactions reported made. This is something unusual for the San Francisco market. There are orders here for China, but prices are above what shippers wish to pay, and in anticipation of a decline they will not purchase. We quote the extreme rates to close the *Sir Robert's* cargo. We quote market weak at $7 for extra of standard brands, and superfine, $6 25@6 75 ₰ bbl.

OATS—We note more inquiry with an advance; now quotable at $3 ₰ cental for extra choice.

DRUGS—During the week ending Sept. 9th, the price of Quinine in New York was advanced from $2 60 to $3 75 ₰ oz. The supply was limited, and manufacturers had sold ahead all they could make in September and October. Peruvian bark was also firmer.

SPICES—The hardening tendency of the market, previously noted by us, is maintained. Mail advices from New York give a firm and active market, with an advance in East India, consequent upon the destruction of the Nutmeg crop on the Banda Islands was fully 20 ₰c. After the sale of [illegible] the supply was limited, and manufacturers and sold ahead all they could make in September and October. Peruvian bark was also firmer.

Markets.

SAN FRANCISCO, Sept. 23.—Wheat—Market exhibits firm tone at $1 60@1 65 for ordinary, to choice millings, and about $2 @2 05 for good average lots shipping.

Flour—Unchanged.

Barley—Rules dull, arrivals exceeding demand; quotable at $1 85@1 95.

Hay—$20@21 ₰ ton.

Potatoes—We quote Mission at 70@87½c; Half Moon Bay, 90c@$1 05; Twin, $1 50@1 70.

Daily Receipts of Produce.

CITY ADVERTISEMENTS.

Ordinance No. 1066.

AN ORDINANCE RELATING TO CERTAIN ANIMALS and fowls.

The City of Portland does ordain as follows:

Section 1. No swine, sheep, goats, geese or ducks shall permit to range in any of the streets, alleys, parks or public places in the City of Portland, under a penalty of five dollars to be paid by the owner or person having charge thereof, severally and respectively.

Section 2. The said Chief of Police or his regular deputies named in the preceding section found running at large shall be taken up by any police officer, or by any person and delivered to a public officer and impounded, and if not claimed, shall be sold by the Chief of Police after not less than twenty-four hours' notice posted in a conspicuous place at the Postoffice in the city and upon the pound or enclosure where such animal or fowl shall be confined.

Section 3. If before the sale such animal or fowl shall be claimed by the owner or owners thereof, the Chief of Police shall deliver up the same upon the payment of costs and charges.

Section 4. The provisions of Ordinance No. 232 entitled, "An Ordinance to prevent horses or cattle from running at large within the limits of the City of Portland; to prevent the riding of horses," and the amendments thereto, shall govern the Chief of Police in relation to the care and sale of the animals and fowls named in Section One of this Ordinance, except as to notices; and he shall be entitled to the fine prescribed in said Ordinance No. 234.

Section 5. Any of the animals or fowls named in Section One of this Ordinance, found within the city, shall be kept in proper inclosure, and such inclosure shall be kept properly cleaned and free from stench, under a penalty of five dollars for each offense; and whenever such pen or inclosure shall become a nuisance, the Chief of Police shall abate and remove the same at the cost of the owner.

Section 6. The penalties hereinbefore provided by the Ordinance shall be recovered on conviction before the Police Judge, with costs of prosecution.

Section 7. Ordinance No. 245, entitled "An Ordinance relating to swine," is hereby repealed.

Passed the Common Council September 7, 1871.

Ordinance No. 1069.

AN ORDINANCE MAKING AN APPROPRIATION out of the General Fund for the purchase of certain property.

Whereas, the Common Council, by Ordinance No. 1055, entitled "an ordinance authorizing the purchase of certain property on South First street, assessed for street improvement, and advertised for sale by the Chief of Police", authorized its Committee on Streets and Public Property to purchase certain property assessed for the improvement of South First street, between Lincoln and Caruthers streets, at a price not exceeding the amount of said assessments and accruing costs thereon; and, whereas, said Committee did, on the 12th day of September, 1871, purchase at a public sale held by the Chief of Police of said city, lots numbered one in block No. 53; lots Nos. 6 and 8, in block 51; lots Nos. 5, 6, 7 and 8, in block No. 52; lots Nos. 1, 2, 3 and 4, in block 60; a strip forty feet wide, being between Miles Island 62, and a strip forty feet wide lying between blocks No. 60 and 61, all in Caruthers' Addition to the city of Portland, for the assessments due thereon and accruing costs, amounting in the aggregate to the sum of $3 535 05; now, therefore, the city of Portland does ordain as follows:

Section 1. That the sum of three thousand five hundred and thirty-five 85-100 dollars be and is hereby appropriated out of the General Fund, in payment for certain parcels of land bought for the city of Portland by the Committee on Streets and Public Property by direction of the Common Council, at a sale of lots sold for the assessments due for the improvement of South First street.

AN ORDINANCE TO AUTHORIZE THE CONstruction and operation of street railways in the city of Portland.

The city of Portland does ordain as follows:

Section 1. That there be and hereby is granted unto Levi Estes the right and privilege to lay down and maintain an iron railroad track or tracks within the city of Portland, as follows, viz:

Along North First, First and South First streets; Fifth, North Fifth and South Fifth streets; B street, Washington street, Taylor street, Jefferson street and Hall street; and to operate and run cars thereon, to be drawn by horse or other motive power, and to convey for hire passengers and their luggage thereon.

Section 2. The said Levi Estes or his assigns, owner or owners of said railway, shall plank, pave or macadamize so the municipal authorities shall direct, that portion of the street or streets along which their railways shall be laid, the whole length of the said railways, between the rails and for a width extending three feet on each side of the track, and keep the same constantly in repair.

Section 3. The tracks of said railways in those streets where double tracks shall be laid shall not be more than five feet apart between the rails, and shall be laid as nearly as possible in the middle of the street and flush with the pavement, so as to offer as little obstruction as possible to the crossing of vehicles; and where the lines crossing each other intersect, the rails shall be cut so as to permit of the passage of cars, and offer no obstruction to the free use of the street by the public.

Section 4. For the purpose of laying down or repairing such railway, no street shall be obstructed for a greater distance than the length of a block at any one time, nor for a longer period than ten working days, except that in case of excessive bad weather the Common Council may extend the time as aforesaid at its discretion.

Section 5. The cars to be used on such railway shall be of the most approved construction for the comfort and convenience of passengers, and shall be provided with brakes or other necessary appliances for stopping the same when required, by which the car driven by horse or motive power other than horse shall not exceed eight miles per hour, and any case of violation of this clause shall render the owner or owners of the said railway to a fine not exceeding twenty-five dollars for each offense, on conviction thereof before the Police Court. The rails to be used for the said railway shall be of good iron and of the most approved pattern now in use for street railroads; the cars shall run at all convenient hours of the day and night, for the accommodation of the public.

Section 6. It shall be unlawful for any person or persons to obstruct the railway herein provided for, either during the construction or the operation of the same, and any person or persons carelessly or wilfully violating the foregoing provision, shall be deemed guilty of a misdemeanor, and on conviction before the Police Court shall be punished by a fine not exceeding twenty-five dollars, or by imprisonment not exceeding twenty days, or both, at the discretion of the Court, for each and every offense. Any conductor or other employe on the railroad having in charge any passenger thereon, or other person on or about the cars belonging thereto, who shall by offensive, indecent, opprobious or abusive language, insult, abuse or maltreat any passenger on the said cars, shall, on conviction thereof before the Police Court, be punished by a fine of not less than five nor more than twenty-five dollars, or by imprisonment not exceeding twenty days, or both, at the discretion of the Court, for each and every such offense.

Section 7. The construction of the railways herein provided for shall be commenced within six months after the passage hereof, and the same shall be completed as follows:

The railway on North First, First, and South First streets, from the northern boundary of the city to the southern boundary thereof, or as far north and as far south on the said streets as the same shall be graded; and the railway on B street from the intersection thereof with North First street to the west boundary of the city, or as far west as the said street shall be graded, shall be completed within one year after the passage hereof; and the railways upon the other street running northerly and southerly, and on one street running eastwardly and westwardly, shall be completed every year thereafter, until the railways on all streets named in this section, and to the extent of the boundary of the city shall be completed upon the same within fifteen years after the passage of this ordinance, in any direction, and the rights hereby conferred by the city upon the said Levi Estes shall be forfeited if not so completed, and his or his successors in interest shall be required to extend their lines of railway to the limits as extended as fast as the grading of the streets shall proceed.

Provided, That on or before the first of July, 1872, the said Levi Estes or his assigns shall give notice to the Common Council naming the street running east and west, and the cross-street running north and south on which it is intended to construct the railways as herein provided, during the year next ensuing the date of such notice; and the railway on such street or streets so designated, shall be completed as far as the said street or streets shall be graded, until the entire system of railways provided for herein shall be completed.

Provided, further, That said railway when laid down and completed upon the streets designated in such notice, and as herein provided, shall be extended upon such street or streets whenever the graded portion of the street shall become a railway, for such extension of railway upon any street to correspond and to progress with the street improvements on said street.

Section 8. The said Levi Estes, his associates or assigns, shall forfeit all their right or privilege accruing by virtue hereof as follows: On failing to commence the said railway within the time herein provided, or failing to complete the railway within one year from the passage hereof as named, on which the completion of such railway is provided for in Section 7 hereof, he or they shall forfeit all privileges granted hereby, and, in each case of notices given to the Common Council, as provided in Section 7, a failure to construct or complete the railways on the streets designated in such notices, as provided in said Section 7, shall work a forfeiture of all privileges on such particular streets, but none others. A failure on the part of said Estes or his assigns to give the notices to the Common Council, as provided in Section 7, or any of them, shall work a forfeiture on all streets on which railways shall not be constructed at the time of such failure; and a failure by said Estes or his assigns to lay down a track and complete the railway the whole length of any street on which the privilege is granted herein, or to extend the railway on any street as fast or far on the said street shall be graded, shall work a forfeiture of all rights and privileges so far as that street is concerned.

Section 9. Nothing in this ordinance, nor any privilege granted hereby, shall be construed to prevent the proper officers of the city from grading, paving, sewering, planking, macadamizing, improving, altering or repairing any of the streets over or upon which the privilege of constructing a railway is granted by this ordinance, or upon which any railway may be constructed under the provisions, but all such shall be done so as to offer as little obstruction as possible to the passage of the cars, and the owner or owners of said railway shall have the privilege of raising or shifting the grade, so as to avoid as much as possible the liability to obstruction during the progress of such repairing, improving or altering.

Section 10. The owner or owners of said railways shall pay annually to the city of Portland, as a license upon each car in use by them on said railways, such sum, not exceeding fifty dollars, as shall be fixed by ordinances of the Common Council.

Section 11. The city of Portland shall have the right, by ordinance of the Common Council, to regulate the rate of fare to be charged in any railway constructed under the provisions hereof: *Provided*, That the rate to be charged shall not be reduced below six and one fourth cents per mile, or fractional part of a mile, within the five years next ensuing the completion of the railway on the first street as named and provided for herein. Nor shall it ever be reduced below five cents on any one route beginning and ending on any one street, or fractional part thereof; and for the purposes hereof the railway on any street running generally with the Willamette river shall be deemed one route from the northern boundary of the city to the southern boundary thereof, and in any street running at right angles to the river, the railway from First street to the western boundary of the city shall be considered one route.

Section 12. There shall be no double track railway laid under this ordinance upon any street that is less than eighty feet wide; and in operating such railways as shall be constructed under this ordinance, no car shall be allowed at any time to stand still upon any intersections of streets, and any violation of the provisions of this section, shall subject the owner or owners of said railway to a fine of not less than five nor more than twenty-five dollars for every offense upon conviction before the Police Court.

Section 13. The said Levi Estes and his assigns shall forfeit and be deemed to have abandoned all rights and privileges conferred by this ordinance unless they shall within thirty days after the approval of this ordinance file in the office of the Auditor and Clerk their written acceptance of the rights and privileges hereby conferred, subject to the terms, conditions and restrictions herein contained.

Section 14. All the rights and privileges hereby granted shall expire at the end of twenty-five years from the date of the approval of this ordinance.

Passed the Common Council September 6, 1871.

W. S. CALDWELL, Auditor and Clerk.

Approved Sept. 12, 1871.

Ordinance No. 1,072.

AN ORDINANCE TO REGULATE AND LICENSE certain places of amusements in the city of Portland.

The City of Portland does ordain as follows:

Section 1. That no person or persons shall employ any female or females in any house, cellar, bar-room, or drinking saloon within the city of Portland for the purpose of selling any wines, spirituous or malt liquors, or other wise attending to the business carried on in such places without having been first duly licensed therefor.

Section 2. The rate of such license shall be fifty dollars per quarter, to be paid in advance to the City Treasurer, in addition to the regular retail liquor license.

Section 3. That no person or persons shall keep any dance house in any cellar, bar-room or drinking saloon, or carry on dancing in connection therewith in the city of Portland without having been duly licensed therefor.

Section 4. The rate of such license provided for in Section 3 of this Ordinance, shall be seventy-five dollars per quarter, to be paid in advance to the City Treasurer, in addition to the regular liquor license and the license provided in section 2 of this ordinance.

Section 5. If any person or persons shall keep any house, cellar, bar-room or drinking saloon in the city of Portland, where a female or females are employed for the above mentioned purposes, without having out license therefor, such person or persons shall, upon conviction before the Police Judge, be subject besides the payment of the license, to a fine not exceeding one hundred dollars or imprisonment not exceeding twenty days for every offense.

Section 6. If any person or persons shall carry on dancing as provided in section 3 of this Ordinance, without having out license therefor as provided by the Ordinance, such person or persons shall, upon conviction before the Police Judge, be subject besides the payment of the license, to a fine of one hundred dollars or imprisonment for a term not exceeding twenty days for every offence.

Section 7. That Ordinance No. 234 and Ordinance No. 618, amendatory to Ordinance No. 234, be and are hereby repealed.

Passed the Common Council September 13, 1871.

FINANCE AND COMMERCE.

SATURDAY EVENING, September 23, 1871.

Gold in New York, 114¾.
Currency, buying, 87c; selling, 89.

The *Hattie C. Besse* has been laid on for San Francisco. She will have quick dispatch, as cargo is nearly all secured.

We have been informed that negotiations are about consummated for a vessel to come up from San Francisco and load Wheat for Liverpool, as vessels here ask too much for charter.

Late mail advices from San Francisco gives 21 disengaged vessels seeking charter, their aggregate tonnage amounting to 26,500 tons. The telegraph has informed us of the arrival of several more, with over 100 efloat for San Francisco, besides 8 for this port.

The following table gives the receipts of certain domestic produce at San Francisco from July 1st to Sept. 16th, 1871, in comparison with like period for 1870:

	1870.	1871.
Flour, qr sks	149,062	124,328
Wheat, sks	1,708,222	837,570
Barley, sks	230,857	216,661
Oats, sks	85,761	42,926
Potatoes, sks	132,852	123,033
Corn, sks	7,612	3,271
Rye, sks	5,394	1,195
Buckwheat, sks	2,116	1,140
Beans, sks	7,460	7,908

By this table it can readily be seen that farmers are holding back their Wheat, which, if early rains should occur, they will throw on the market, causing prices to fall quite low. In anticipation of this shippers are only purchasing on the spot at quotations, and if purchasing for future delivery prices are lower.

The following table gives the export of certain article of produce from San Francisco from June 30th to Sept. 16th, 1871, in comparison with like period for the four preceding years:

Year.	Wheat. 100-lb sks.	Barley. 100-lb sks.	Oats. 100-lb sks.	Flour. bbls.
1871	289,704	2,036	1,565	76,627
1870	1,033,310	69,710	2,157	93,723
1869	1,610,288	90,236	1,150	87,955
1868	1,940,782	7,665	2,497	94,153
1867	1,159,605	1,867	992	97,644

The month of September in London is one of the most eventful of the year for Wheat crops, for in this month the crop is harvested and housed, so that until the crop is secured great uneasiness is felt. This year the crop was fully five weeks backward, but owing to very favorable weather in August Wheat was put forward two weeks, so that the harvest is only three weeks backward. Farmers are in the midst of harvest now, and the telegraph informs us the weather is very favorable, so no apprehensions on that accrue need be felt.

Late reports from the Southern Sugar crop give a larger amount than previously estimated. The yield, it is thought will reach 220,000 hhds, against 140,000 hhds last season. In remarking upon the Beet Root Sugar crop in Europe the New York *Shipping List* says:

> Accounts of the Beet Root Sugar crop in Europe are favorable, and a large yield is expected. The number of Sugar factories at present registered is 815, most of which will be working on the new crop before the end of September. The estimated product for the season is 350,000 tons, against 300,000 tons last year, or from 56,000 to 99,000 tons more than the entire home consumption.

The following table gives the shipments by railroad from San Francisco East for the first eight months of this year of each article named:

Tea, lbs	5,660,874	Hops	321,488
Cotton (foreign)	126,420	Quicksilver	81,000
Silk	502,566	Leather	120,083
Wool	12,010,858	Bags, etc	2,926
Hides	1,067,879	Wine, gals	85,662
Leather	1,088,653	Nails	384,700
Wine	1,692,756		

Portland's increased and increasing trade is principally caused by our Jobbers being able to undersell those in San Francisco. Experience has taught the interior merchants that to take the average prices paid in this city for goods and the average prices paid in San Francisco (take the average for the year) it is found that goods can be purchased in this city at a less percentage than in San Francisco. The causes which lead to this are numerous but will only mention at length one of the principal. In San Francisco there are two kinds of leading merchants—Jobbers and Importers. Importers are generally wealthy. They either buy direct of manufacturers in the Eastern States, Great Britain, the Continent, and at all foreign supply ports or else are agents for manufacturers. Importers never sell to consumers, parties by outside parties who mean merchants and traders whose ability to not justify purchasing invoice lots and whose credit is not well established in the San Francisco banks) preferring to sell only to Jobbers in San Francisco and Sacramento, Colfax, or in Portland, Oregon. Jobbers in San Francisco never import any article of merchandise direct as they not being very wealthy, prefer buying of importers from whom they can obtain long credit while they are necessitated to do cash or trade to bring forward to grant long credit to many interior merchants aside from carrying tolerable large stocks—the two taking up all and often more than their capital. We are personally cognizant of several instances where San Francisco Jobbers have engaged annually from $2,000 to $4,000 amounts to banks for interest on borrowed capital. Portland Jobbers are also heavy Importers, and being (the majority of them) wealthy, they have stocks always on hand to range prices, or can command it, or capital with which to take advantage of any cheap offering of goods in San Francisco to close invoice lots by importers, as they have resident A new firm to take advantage of the market at any time. Their importations from the Atlantic and foreign ports of supplies are made both direct and also via San Francisco. Many will importations for this city are made in San Francisco where the merchandise is reshipped in coasters, either sail or steamers, for this city. We are aware of several firms who are in constant receipt of invoices from Europe by sail consigned to San Francisco, from which places the goods are reshipped to this port. One of our firms have now en route in this manner invoices from the Atlantic ports on the following ships: *Templar, Oroolo, Windward, Gov. Morton, Dauntless, Fleetwing, King Fisher, Sea Nymph, Favorite, Twilight* and *Thatcher Magoun*, besides invoices on several ships from Europe consigned to San Francisco. The establishing by Messrs. Irving & Flowers of this city of a direct line of packets between here and Liverpool will eventuate in shipments being made to this city instead of by way of San Francisco. In Clothing, Dry Goods, Boots, etc., our Jobbers buy direct in the East and ship by rail or by via San Francisco. By having had some personal knowledge in San Francisco we find that many of the Jobbers or Importers in this city purchase all goods of importers in San Francisco for cash or else discount their bills. Again, with the advantages of Portland Jobbers over San Francisco Jobbers. Sec. 6, Art. 4, Chap. 18, Code of Civil Procedure Importers or Jobbers purchasing any and everywhere they can obtain the best seller in San Francisco, Atlantic States or foreign countries, assuming themselves to no particular locality. Interior merchants generally have the assistance of their goods from first hands without having the profits made on before being bought by them as would be the case in purchasing in San Francisco. Our Jobbers are not in the habit of from $200 to $400 per month interest money which has to come out of those Jobbing accounts are lower, State and city taxes are less, but these are enough to show to all shrewd interior merchants or traders where their interest lies. There is an old saying, "Goods cheaply bought are half sold." Interior merchants purchasing in San Francisco have to carry larger stocks, for if purchasing in this market they can make purchases oftener, and only buy just such articles as are needed, allowing them more capital with which to extend longer and larger credit, if desired, to solvent customers. We will take occasion to refer to this matter again in some future article.

Merchandise Report.

WHEAT—Reports from the country give freer offerings with but little change in prices except at lower rates than formerly ruled. We look for lower rates as the rains fall in California, unless unexpected news reaches us from Europe, causing prices to advance here. We confirm our quotations as at 15@22 29 ctls sacked; without sacks, 14@16c less. Liverpool quotations, 12s 8d.

FLOUR—Market very dull and weak. Our dispatches for three days past from San Francisco have stated market dull and weak in that city, with no sales reported made. This is something unusual for the San Francisco market. There are orders here for Chico, but prices are above what shippers wish to pay, and in anticipation of a decline they will not purchase. The orders here complete the *Garibaldi's* cargo. We quote market weak at $7 for extra of standard brands, and superfine, $6@6 25@6 75 ₱ bbl.

OATS—We note more inquiry with an advance; now quotable at $2 ₱ cental for extra choice.

DRUGS—During the week ending Sept. 9th, the price of Quinine at New York was advanced from $2 60 to $3 75 ₱ oz. The supply here is limited, and manufacturers had sold ahead all they could make in September and October. Peruvian bark was also firmer.

SPICES—The hardening tendency of the market, previously noted by us, is maintained. Mail advices from New York give a firm and active market. The advance in East India, consequent upon the destruction of the Nutmeg crop on the Bada Islands, was fully 20 ₱c. After the sale of 1,000 bales by the Amsterdam of the Netherlands Trading Company, prices advanced in New York upon very active demand. Cassia has advanced in New York, and Pepper, Mace and Ginger are held with much firmness under an active demand.

Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, Sept. 23.—Wheat—Market exhibits firm tone at $ 50@2 65 for ordinary to choice; milling, and about $3 60 for good average lots shipping.

Flour—Unchanged.

Barley—Lack of market, $1 90@2 with better feeling.

Oats—Still dull, arrivals exceeding demand; quotable at $1 85@1 95.

Hay—$20@21 ₱ ton.

Potatoes—We quote Sweets at 70@87½c. Half Moon Bay, 90c@$1 05; Reds, $1 50@1 75.

CITY ADVERTISEMENTS.

Ordinance No. 1,066.

AN ORDINANCE RELATING TO CERTAIN ANImals and fowls.

The City of Portland does ordain as follows:

Section 1. No swine, sheep, goats, geese or ducks shall go at large in any of the streets, alleys, parks or public places in the City of Portland, under a penalty of five dollars to be paid by the owner or person having charge thereof, severally and respectively.

Section 2. Any of the animals or fowls named in the preceding section found running at large shall be taken up by any police officer, or by any person and delivered to the police officer and impounded, and if not claimed, shall be sold by the Chief of Police after not less than twenty four hours notice posted in a conspicuous place at the Postoffice in the city and upon the pound or enclosure where such animal or fowl shall be confined.

Section 3. If before the sale such animal or fowl shall be claimed by the owner or owners thereof, the Chief of Police shall deliver up the same upon the payment of costs and charges.

Section 4. The provisions of Ordinance No. 232 entitled, "An Ordinance to prevent horses or cattle from running at large within the limits of the City of Portland, between certain hours," and the amendments thereto, shall govern the Chief of Police in relation to the care and sale of the animals and fowls named in Section One of this Ordinance, except as to notices; and he shall be entitled to the fees prescribed in said Ordinance No. 234.

Section 5. Any of the animals or fowls named in Section One of this Ordinance, kept within the city, shall be kept in proper inclosure, and shall include a sufficient and properly cleaned and free from stench, under a penalty of five dollars for each offense, and whenever such pen or inclosure shall become a nuisance, the Chief of Police shall abate and remove the same at the cost of the owner.

Section 6. The penalties hereinbefore provided by this Ordinance shall be recovered upon conviction before the Police Judge, with costs of prosecution.

Section 7. Ordinance No. 243, jentitled "An Ordinance relating to swine," is hereby repealed.

Passed the Common Council September 7, 1871.

Ordinance No. 1069.

AN ORDINANCE MAKING AN APPROPRIATION out of the General Fund for the purchase of certain property.

Whereas, the Common Council, by Ordinance No. 1056, entitled "An ordinance authorizing the purchase of certain property on South First street, assessed for street improvement, not advertised for sale by the Chief of Police," authorized its Committee on Streets and Public Property to purchase certain property assessed for the improvement of South First street, between Lincoln and Woods' streets, at a price not exceeding the amount of said assessments and accruing costs thereon; and, whereas, said Committee did, on the 13th day of September, 1871, purchase at public auction held by the Chief of Police of said city, lots numbered one in block No. 53, lots Nos. 5 and 6, in block 51; lots Nos. 5, 6, 7 and 8, in block No. 52; lots Nos. 1, 2, 3 and 4, in block 60; a strip forty feet wide lying between blocks 51 and 52, and a strip forty feet wide lying between blocks No 60 and 61, all in Caruthers' Addition to the city of Portland, for the assessments due thereon and accruing costs amounting in the aggregate to the sum of $3,253 65; now, therefore, the city of Portland does ordain as follows:

Section 1. That the sum of three thousand five hundred and thirty five 65-100 dollars be and is hereby appropriated out of the General Fund, in payment for certain parcels of land bought for the city of Portland by the Committee on Streets and Pub le Property by direction of the Common Council, at a sale of lots sold for the assessments due for the improvement of South First street.

Passed the Common Council, September 13, 1871.

W. S. CALDWELL,
Auditor and Clerk.

Approved Sept. 14, 1871.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623

KEARNEY STREET,
NEAR COMMERCIAL,
San Francisco. Established 1854.

For the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has retired from visiting the Principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients, and those requiring his services, may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has interwined with the latest facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are continually suffering from the effects of secret indulgence, or from the use of the Mercury, or Mineral drugs, administered by ignorant and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrible state they send sooner or later until death closes the scene. Let persons, guardians, friends and relatives of those who are suffering from any of these horrible life-destroying maladies, if they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who can be relied on to cure the most inveterate cases without mercury or any injurious drugs. It is important for those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, thereby deceiving the public by using the names of eminent physicians of Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Weakness, the consequence of self-abuse. The solitary vice, or depraved secret indulgence, is far more fatal to health than occasional sexual intercourse. It is prompted, with unerring certainty, the following train of horrible symptoms, unless combatted by scientific medical treatment, viz: Fallow countenance, dark spots under the eyes, pain in the back, ringing in the ears, nocturnal losses, dimness of vision, loss of muscular power, confusion of ideas, palpitation of the heart, trembling, timidity, blushes, bashfulness, diffidence, dread of society, love of solitude, lassitude, indolence, etc. Before contracting marriage, the above symptoms should be carefully considered, as the happiness of both depends upon the removal of the disease. Young men who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

CURED AT HOME.
